To whom it may concern, I TOTALLY enjoy XM Satellite Radio and frequently will change stations to get the traffic and weather updates for my area. I have NEVER had such a variety of stations too choose from as I do XM radio and DO NOT plan on going back to my local radio stations due to this and all the chit chat on those stations. I DO NOT feel that the National Assoc of Broadcasters has a right to decide what I can listen to and urge the FCC to reject the NAB's petition 04-160 strongly!!!
